

30 mil MAGNETS: (rectangular or square cut only) 2016.1

Magnets Are Nice Because You Can Put Them On A Metal Surface (Ex. Car) And Take Them Off When You Do Not Want Them On. But, Because They Go On & Off They Can Come Off On Their Own And Get Lost! **We Do NOT Take Any Responsibility If You Lose Any Magnets.** You Will Have To Re-Purchase Any Lost Magnets You Want.

*Prices Could Be More Depending on Complexity of Artwork.
